

October 2011

LAMDA drama lessons at Cranford House with Ginny Clarke Avery and Janine Marie Coello.

Cranford House is pleased to offer its pupils the wonderful opportunity of taking part in LAMDA drama lessons.

The LAMDA Syllabus offers examinations in many performance fields, such as public speaking, verse and prose, mime, devised theatre, group examinations, duologue and solo monologue acting examinations. For each examination, the process is to learn or devise one, two or three monologues, (depending on which grade your child takes) and then once ready they perform their pieces in front of an examiner to achieve that particular grade.

The LAMDA examinations are QCF accredited, and the higher qualifications in the LAMDA examinations have now been included in the UCAS tariff. Any student passing any level 3 (grades 6, 7, and 8) examinations will be able to claim between 20 and 65 UCAS points, comparable with their attainment. To see how the points will be awarded and to also view how favourably LAMDA's examinations are compared to GSCE, AS, and A – Level qualifications, please see the attached form which explains LAMDA and the UCAS tariff. LAMDA examinations can also be used in the Duke of Edinburgh award scheme.

We are able to offer different timetables and varying disciplines in LAMDA, to cater to each individual's needs and availability. Attached is a timetable for the classes we offer.

What is offered through these examination programmes and what leads to its increasing popularity is, in truth, very simple. LAMDA represents a route by which anyone can unlock and discover their unique creative potential and the broad range of disciplines and grades serves this purpose. Individuals are empowered in all areas of their everyday lives by developing a confidence and a clarity of expression and communication – one which remains uniquely their own.

We look forward to hearing from you and tutoring your child.

Many thanks.
