Introduction and Information about Cranford House School

Cranford House is a leading independent day school and continues to enjoy a growing reputation for excellence. Rated excellent in all categories by the ISI, the school recently launched its 2020 Vision and is entering an exciting second phase of development based on many recent educational successes. This includes the addition of a Sixth Form and the extension of our successful co-educational provision into the Senior School from September 2020.

Vision and Values

Cranford House offers an innovative, opportunity-rich education within a welcoming and nurturing community, which draws out the natural potential of each child. At the heart of this is our commitment to ensuring that our pupils are happy, confident and motivated and that their self-belief, characterised by curiosity, resilience and a spirit of collaboration, inspires them to achieve at each stage of their individual learning journey. Cranford House pupils make excellent progress within a broad and challenging curriculum framework. This framework encompasses the traditional and the innovative, prioritises opportunities for enrichment and independent enquiry and establishes an enduring ethos for learning.

New Co-educational Sixth Form Centre opening in 2020

The School's vision for a new Sixth Form is an ambitious and exciting one, incorporating a bespoke new Sixth Form centre with a modern, mature and relaxed setting for students. Within the newly built centre, sixth formers will benefit from their own common room, study rooms, classrooms, a lecture theatre and learning resource centre. Following record demand for places at Cranford House, an outstanding inspection in November 2014 and sustained success at GCSE, the Sixth Form is a natural and very exciting step in the development of the Senior School provision.

Cranford's Sixth Form will build on the strong foundations of academic excellence laid at GCSE. It will offer a broad core curriculum alongside exciting opportunities for academic and extra-curricular enrichment.

Co-Educational Junior School and Senior School

Cranford House started life as a co-educational setting and recently extended the outstanding co-educational provision into Key Stage Two (ages seven to eleven) with the opportunity for boys to join Year 3 from 2016, evolving year on year until boys can enter all year groups within the Junior School by 2019.

Cranford House is delighted to confirm that from September 2020, the Senior School will admit boys into Year 7 and Year 12. This is a natural progression from our highly successful co-educational Junior School where the focus will be on continuing to education boys and girls in a setting where every pupil is able to reach their full potential.

A Cranford education is known for providing individual attention and excellent academic attainment for all. Pupils will benefit from specialist sports coaching across all the major sports, as well as specialist foreign language and music teaching. The modern, innovative curriculum will continue to be delivered in a stimulating environment, designed to inspire a love of learning, spirit of enquiry and sense of curiosity.

All pupils at Cranford House are encouraged to take part in our extensive programme of enrichment activities. These are specifically designed to challenge and develop, promoting self-confidence and a sense of achievement in meeting each new challenge.

Throughout the school there are over 50 enrichment activities on offer covering a wide range of disciplines.

Significant Investment in the Arts and Sciences

Cranford House believes that every pupil can achieve anything they set their minds to. The school retains a strong commitment to the development of a well-rounded education, from Science and Technology to Sport and the Performing and Liberal Arts. It is this commitment to breadth and depth within the curriculum, to inspiring a love of learning and a spirit of enquiry in pupils that underpins our reputation for excellence.

The (STEM) curriculum (Science, Technology, Engineering, and Mathematics) underlines the coherent educational bridge between the Arts and the Sciences. The importance of creativity within the design process in STEM lessons is as relevant to pupils as the mathematical foundations for scales in Music or the relevance of 'scientific method and rigor' within the design process in Textiles, Food Technology or Art.

To reflect this, the school will be undertaking a significant programme of capital development that will substantially enhance the already excellent Science facilities. This will include the addition of a new state of the art STEM centre, offering both flexible, modern laboratory spaces and a specialist computing and design facility. It will incorporate separate laboratories for Junior, Senior and Sixth Form pupils, as well as a workshop and specialist Mac suite for design and Computing.

In Year 9, pupils select their choices for GCSE which they study in Years 10 and 11. Typically pupils study 10 or 11 subjects to GCSE level with English, Maths and Science being compulsory. All pupils have PE in their weekly timetable, even if they are studying it for GCSE, along with weekly lessons which cover careers, life skills and preparation for Sixth Form or life beyond Cranford.

All pupils at Cranford House are encouraged to take part in our extensive programme of enrichment activities. These are specifically designed to challenge and develop, promoting self-confidence and a sense of achievement in meeting each new challenge.
